

To our young guests, full of enthusiasm and willing to discover

If you're keen to learn, have fun and are hungry for new innovative experiences, then grab your parents, grandparents or older siblings and come and visit us. Fridays and Saturdays are yours. We invite you for a museum cookie on your journey to Toyland.

Every month, for your use, we offer the NIRwana museum notification. This is where you can find all extra information: where, what and how?

Family at the museum

We're waiting for you at the 'Museum Paradise'. We've prepared games, puzzles and other crazy tasks for you, which will enter you into a whirlwind of fun and learning. To get to the 'islands of knowledge', you must drift through the frantic knowledge ocean. But don't worry; we have plenty of lifelines for you.

You will find helpful information in the 'Museum Paradise' guide and in the island instructions.

Dear teachers and students

Do you struggle to sit in school all day? Would you like to do something else and escape the dreary school monotony? We invite you to join us for a moment of intellectual rest. We offer you a get-away from reality and a switch to a 'crazy tour' because, of course, the museum is 'easy-going'.

Trips

We are able to organise projects and arrange for a tour guide led visits.

Remember that the projects are rich in lessons, workshops, meetings, concerts and other inspiring activities, which are organised periodically. The activities are intended for children and adults, indeed anyone hungry for knowledge of the world. Organised groups or individuals - there's something for everyone.

What is our museum like?

Dear Reader,

If you have opened this folder then you are most certainly interested in finding out about our offer, which we have prepared for you.

We welcome you to the world of education, open to innovative thinking and unique ideas. We hope that you will find what you are looking for. You might even be surprised and discover new things which you have never seen before.

We believe that a modern museum is a museum open to various recipients and various ideas. Open, but not one that adapts to current trends in a thoughtless way. As for our approach, we are individualists. For us, the museum is a place for education, most of all through the senses of sight and hearing. In this respect, we think that education is fun, interesting and gripping.

We have come up with our own ethos, which we try to live by. We think that getting to know the world begins in the museum, regardless of age. It depends on us, and whether getting to know the world will make sense.

We invite you to frequent visits and innovative exchanges.

A visit is a great idea!

If you don't know how to spend your time, and have decided to visit our museum, then you have made the right decision. Now you are just one step away from visiting us.

We are at your service and will happily offer our knowledge and experience.

We believe that touring the exposition alone can be uninteresting, and lacks the satisfaction of a joint tour with a guide. Of course, this isn't obligatory, but we have found that this proves to be much more interesting. We also ask you not to worry about the costs because this option is free of charge.

Dear Potential Guest,

We have prepared flyers and information for your disposal, in order to facilitate your tour of the exhibitions and activities in our museum.

IN THE MATERIALS YOU WILL FIND:

- 'Muze.ON' museum flyer containing information about the museum,
- A guide of the permanent exhibitions 'Our Identity' and 'The Polish Way of Getting to Know the World'.
- Temporary exhibition information,
- A guide for the 'Museum Paradise', as well as a user manual for the 'Islands of knowledge',
- 'Szorty' newsletter, short info about the museum,
- Technical information for use of media by the exhibitions,
- Monthly and project information:
 - a) for kids and families - RIPosta,
 - b) for older visitors - Eksperienca,
 - c) for everyone - project and educational.

Dear adult guests,

If you are interested in culture, knowledge and seeing inspiring museum exhibits, then we invite you to visit us during an evening period after work, and escape from the daily rush during the week.

You will certainly find something interesting, with various periodic meetings at the museum. We invite you to a get-together with interesting people, discussing interesting topics, even over a cup of coffee. It is a time when you can solve scientific problems, which develop you scientifically.

Each month, we offer you the EKSPERIENCJA notification. This is where you will find all the additional information: where, what and how?
